Team ID	E8137EA139C230CB7904BC78EB465F79
ProjectName	Student Performance Analysis
MaximumMarks	4Markss

DataFlowDiagrams:

A Data Flow Diagram (DFD) is a traditional visual representation of the information flows within a system. A neat and clear DFD can depict the right amount of the system requirement graphically. It shows how data enters and leaves the system, what changes the information, and where data is stored.

Example: (Simplified)
